REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Regarding claims 1 and 12, the prior art of record does not teach or suggest the claimed motor including a "base" (frame 700 or board 800 in applicant's Fig.3) with a sleeve (710) and a stator (260) disposed about the sleeve. Since a "base" per se has not been described specifically in the specification, the examiner takes the frame 700 or board 800 to define a "base" for the sleeve 710. With reference to the previous action, paragraphs 13-14, claim 21 is allowable and amended claim 24 overcomes the 35 USC 112, second paragraph, rejection and is allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
